ADDING Applications to your Favorites Page

After the Citrix Receiver has been properly installed, the Citrix Storefront will display and will default to the Favorites page. Continue to the next section to learn how to launch applications and add them to the Favorites page.
Click Apps

Click Categories
Click Cerner Education

Applications can be launched directly from this page. They can also be added to the Favorites page for easier access. Follow the instructions below to add them to Favorites.
Click **Details** next to the application you wish to Add:
Click **Add to Favorites**

Click **Favorites** to navigate back to the Favorites page
Notice the application icon has been added to the Favorites page

Repeat this process for any applications that should be added to the Favorites page. (TRAIN applications)
